Welcome to WebFire's Wednesday Webinars!

Every Wednesday at 2 pm EST, We'll Host a
Live Training and/or Q&A Call for WebFire
Members

These trainings will either feature myself (Brian Koz), Shawn Casey, both of us at once, or occasionally a featured special guest if we think their expertise would be of value to our members

If you're here or registered for the series, you'll get a reminder each week so you don't forget, but if you can't make one, we'll have the recordings in the members area within a day of any of the calls under the "Training" tab on the left side navigation bar.

Use these calls as an opportunity to get even more training, ask strategy type questions, get feedback, or make suggestions on what else you'd like to see!

Special Note: Make sure to check out our prior WebFire Wednesday Webinars and our WebFire trainings, as there's tons of info already there that a lot of you are asking for more training on. 😊

#5 – Write Reviews for Top Commissions

- This technique involves writing affiliate reviews for products / services that pay you higher commissions (or recurring).
- Start by writing a quick review on a blog where you have a keyword rich title like “[product name] review – the good and the bad” (use the Main Keyword tool to find the best review terms that are the easiest to rank for).
- Have a super short “overview / about the product” paragraph, a list of pros and cons (ideally in bullet points), a summary of what you think, and a call to action / conclusion (like “Click here to get yada yada ya, which we feel is the best bet if you’re looking for yada yada ya”).
- Make sure the webpage / blog post is optimized for the keyword using the Site Analysis tool.
- Use the Site Submitter to alert the search engines to your new content.
- Turn around and turn that article into a video to optimize it for YouTube using Video Firestorm inside of WebFire to double your chances of picking up traffic and sales.
- Then if you’re even more ambitious, use the Real Time Lead Finder, Ranked Lead Finder, Q&A Lead Finder, and Social Lead Finder to find people talking about that product, related / competing products, or asking for reviews, and give them valuable content while trying to drive them to your full review (examples of what to say...).

We'll post this training along with the e-mail template swipes, an affiliate review template, and a list of some top affiliate products that pay hundreds to thousands of dollars within the next 24 hours
